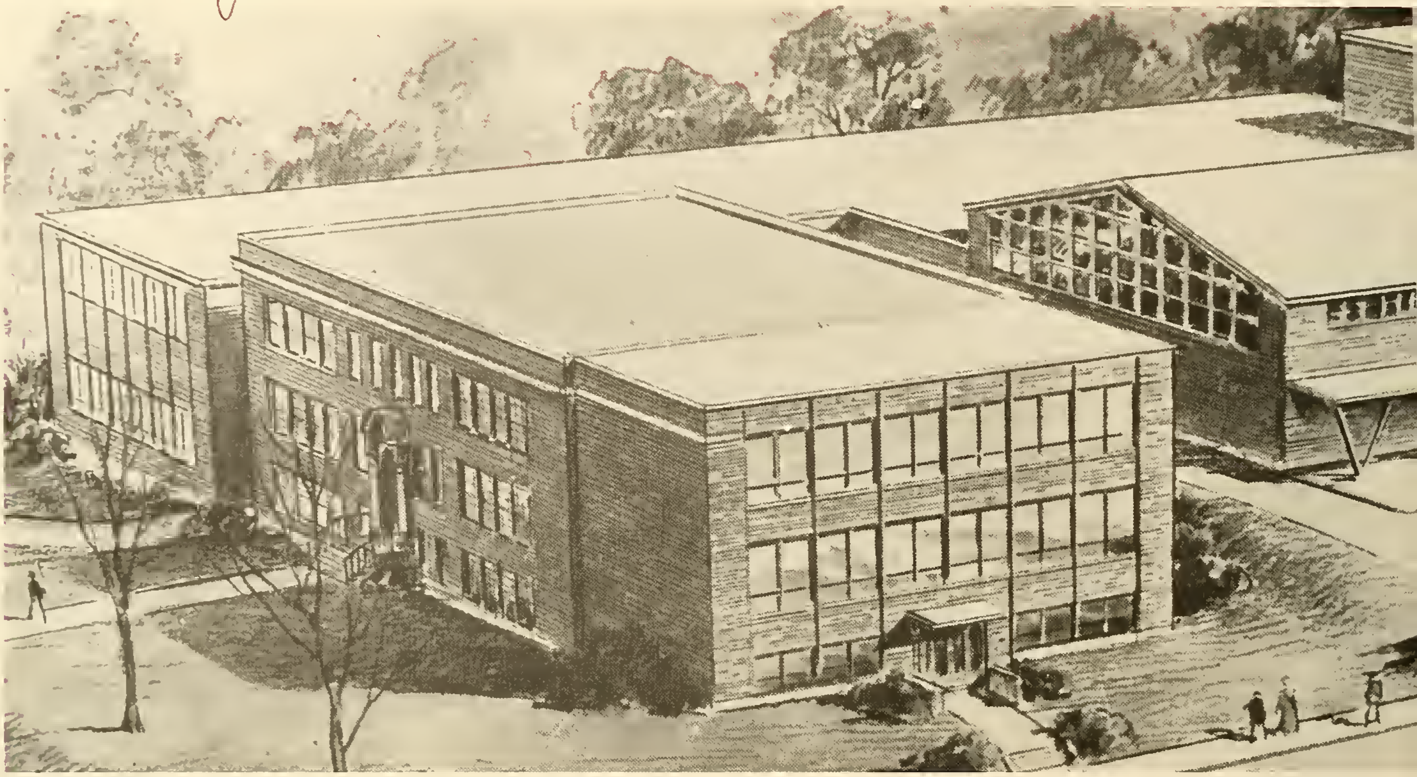
K. Beauregard



But I have promises to keep,
And miles to go before I sleep,
And miles to go before I sleep."
Robert Frost

Graduation is but a milestone in the course of a student's life. Each year serves as a steppingstone to further his education, to develop his maturity, and to enlarge his outlook on life.

With graduation, however, a student's responsibilities just begin. His future holds many obligations which he must fulfill, many **PROMISES** which he must keep—the obligation to keep a vigil in democracy's behalf; the promise to live the way he wants to be remembered.

We too must all strive to attain our highest goals, but we have many **MILES TO GO** before our objectives are achieved.

In Commemoration of . . .

Mrs. Kathryn Beauregard

As one of the guidance counselors at Southbridge High School, Mrs. Beauregard has certainly helped to direct the lives of many students. Her knowledge and experience inspired confidence in her ability to help Seniors prepare for their future. All students will miss her willingness to help and her sincere interest in preparing them for their future careers.

In all the years Miss Howe has taught at Southbridge High School, she has proved to be a valuable asset to the business department and has been an instrumental factor in making our chapter of the National Honor Society as successful as it is today. Her **CHARACTER, SCHOLARSHIP, LEADERSHIP**, and **SERVICE** have provided worthy examples to her students, her school, and her community.

Miss Persis Howe

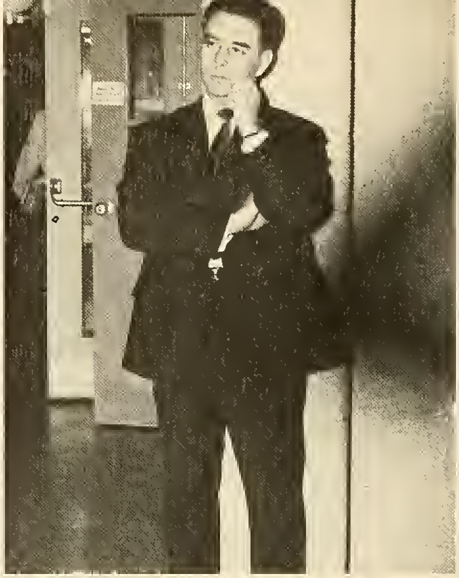
Miss Constance Coderre

Miss Coderre's kind and warm personality will be greatly missed at Southbridge High School by both faculty and students alike. As a dedicated teacher of business skills, she has helped train many girls for future secretarial work. Her unselfish service to the school and faculty and her sincere interest in everyone with whom she was associated, has endeared her to all.

In Dedication To . . .

Miss Thecla Fitzgerald

Miss Fitzgerald, dedicated and dynamic, has served as a **MILESTONE** in the lives of her students and in the life of our high school yearbook. Throughout the years, Miss Fitzgerald has devoted her time and herself to the enrichment of her students, not only in scholastic endeavors, but also in extracurricular activities. She provided the impetus that was so necessary in establishing the first publication of our high school yearbook. Her steadfast devotion to the advancement of her students will live on in all of their accomplishments. In appreciation of her help and inspiration to us all, we dedicate this yearbook, **"MILESTONE '68"**, to Miss Fitzgerald.



The Moods Of A Principal

The moods and attitudes from September to June '68 are reflected in the expressions of our Principal, Mr. Edward Desroches. From the main office to the assemblies to the school halls themselves, Mr. Desroches' influence and organization have clearly taken effect. He has directed us in the true path of knowledge through every-day application. We are all thankful to him for his earnest efforts and concern, and above all for his help in the mapping out of the future years through the outline of past years at Southbridge High School.

School Department

Over the past two years, our Superintendent of Schools, Mr. Charles Beattie, has proven to be an outstanding educational leader. We hope that Southbridge High School will be for him, just as it has been for us, one of the most important **MILESTONES** in life. The Class of 1968 and the entire student body wish him much success in the years ahead.

The gentlemen who comprise our School Committee are entrusted with formulating educational policy for the public schools system in Southbridge. Seated below, they are, Mr. Frederick Morin, Mr. Mario DeAngelis, Mr. Lorenzo Beaupre, Mr. Albert Langevin, Mr. Lawrence Proulx, Mr. Thomas Quinn, Superintendent of Schools Mr. Charles Beattie, and Mr. Victor Peloquin.

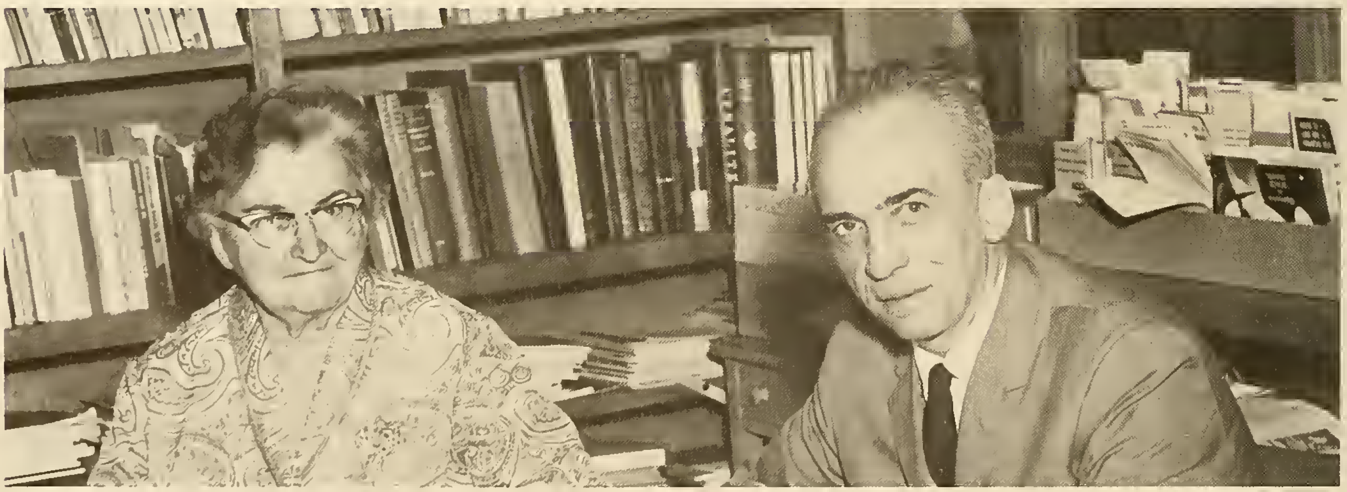
Assistant Principal

Mr. C. Joseph Montigny, our Vice-Principal and Athletic Director since 1965, is regarded as an able administrator and a good friend. His ready humor and understanding of student problems are an integral part of Southbridge High School. Respected by all who know him, Mr. Montigny shares his time and talent in guiding each student during his high school years.

Guidance Department



Dr. Lewis Kyrios, Director of Pupil Placement Services, and Mrs. Kathryn Beauregard, our Guidance Counselor, devote countless hours to the direction and guidance of student careers at Southbridge High School. Their patience and understanding and willingness to help any and all students are recognized and appreciated by everyone at Southbridge High School.

Mrs. Mary Clark and Mrs. Nora Adams are more than just secretaries or "girl Fridays" to our principal. Their work includes all of the daily little chores, as well as the more significant jobs which make the school run smoothly.

Mrs. Catherine Theodoss, secretary for the Guidance Department, aids in the important work of preparing the documents and records needed for college applications and references.

On the left, Mr. Montigny takes time to clear up a question posed by one of his office assistants. Hopefully the next occasion a problem arises, the assistant will be aided by our vice-principal's counsel.

"The improvement of logic and critical thinking along with the development of the capability to express both with clarity are the underlying goals of the department. An understanding of historical techniques as well as social and cultural processes and an acquaintance with the forces influencing the world and our heritage are the vehicles through which the goal will be reached. Courses are offered in Geography, World History, and Government-Economics. All students are required to take United States History, and at least two of the other social studies courses for graduation."
Mr. James Forkey, Department Head

Mathematics Department

"Our mathematics program provides each student with a selection of courses commensurable with his present computational skills and future occupational needs. By faithful application all students can develop good study habits, the ability to present work in an orderly and logical manner, and a deeper appreciation for modern mathematics' contributions to science and society. Advanced work in elementary logic, functions and the calculus is offered to qualified students. Some extracurricular activities include frosh and varsity math teams, the math fair, and invitational tournament competitions."

"It is the aim of the Southbridge High School Science Department to prepare our graduates in two main areas. Our first objective is to develop a sincere interest in science, so that those who have native ability in the subject matter might choose this as a career. Secondly, we feel that developing a practical application of science to everyday living is of the utmost importance. It serves not only as a motivation to the student, but helps him to better understand the newer innovations of our modern world."

"The Commercial Department has two main objectives; to prepare students for immediate employment following graduation, and to give a background for continuance of training in business schools and colleges. Commercial courses are open to all students. Academic students enroll in commercial courses to learn to type for college use, and to have a skill with which to earn money for college expenses. We welcome anyone who wants to learn."

"The English Department at Southbridge High School prepares students to think clearly, to write organized, vigorous prose; to read with insight and critical judgment. In composition, we use a developmental approach, each course building on the preceding course. In literature, we use the best features of various methods, concentrating sometimes on a study of a literary period, sometimes on a form of genre, sometimes on thematic units. Always central to our philosophy, however, is the idea that probing, analytical reading is a **sine qua non** in developing literary taste and in discovering pleasure in good books."

"He who knows one language is worth one man; he who knows two languages is worth two men. Knowing another language is to the advantage of the individual as well as of the national interest. Learning a foreign language is learning to communicate. To communicate one must be able to listen, to speak, to read and to write the language he wishes to master. In teaching these fundamental skills we hope to instill understanding and compassion for other cultures and civilizations."

Life

Let Me But Live My Life From Year To Year,
With Forward Face And Unreluctant Soul.
Not Hastening To, Nor Turning From The Goal;
Not Mourning For The Things That Disappear
In The Dim Past, Nor Holding Back In Fear
From What The Future Veils; But With A Whole
And Happy Heart, That Pays Its Toll
To Youth And Age, And Travels On With Cheer.
So Let The Way Wind Up The Hill Or Down,
Through Rough Or Smooth, The Journey Will Be Joy;
Still Seeking What I Sought But When A Boy
New Friendship, High Adventure, And A Crown,
I Shall Grow Old, But Never Lose Life's Zest,
Because The Road's Last Turn Will Be The Best.

Henry Van Dyke

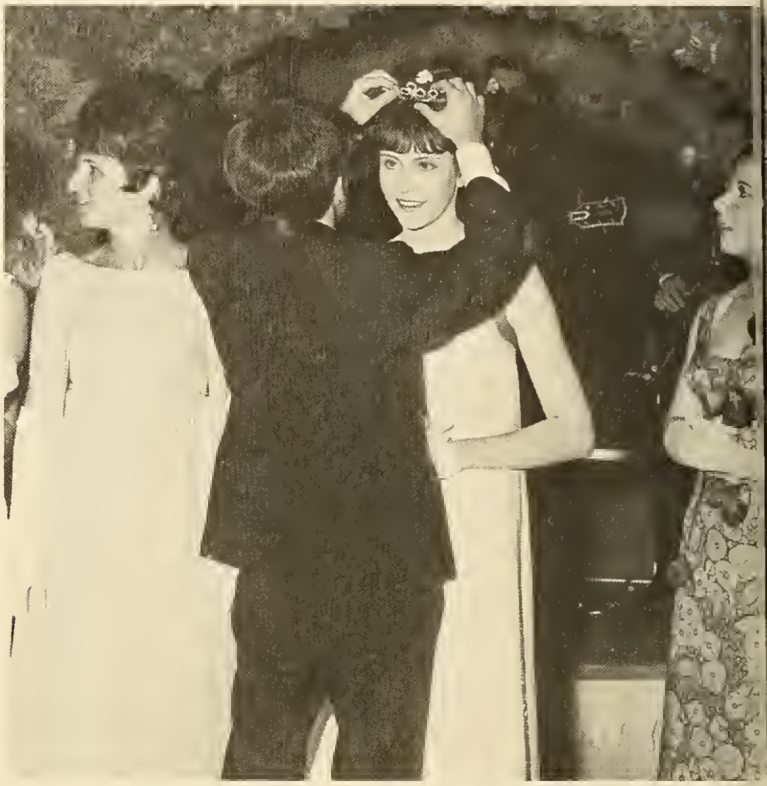
EVENTS

Each Event Will Become A Memory As We Travel

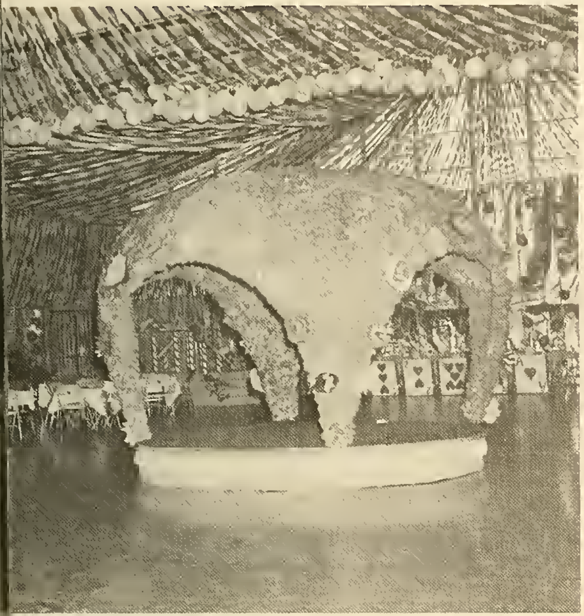


Above: Queen Anne Belanger is ceremoniously crowned by Junior Class President Paul Zotos, as court members Suzanne Asselin (left) and Carolyn Mills (right) look on.

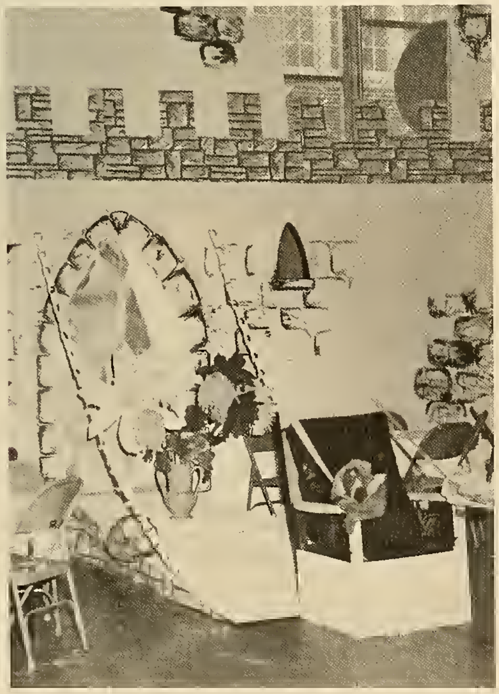
Junior Prom

The Junior Prom, "Land of Make Believe", was undoubtedly the finest ever held at Southbridge High School. Under the able advisorship of Mrs. Melia LeBoeuf and Mr. Charles Latino, the "Class of 68" labored many long hours in preparing what was perhaps the most colorful and festively decorated of all proms. The theme, developed to its extent by an energetic and imaginative Prom Committee, afforded an outstanding spectacle which will be cherished forever in our scrapbook of S.H.S. memories.

Through Life . . .



Class Advisor Mrs. Melia LeBoeuf.



Court members Paulette Gregoire, Jane Kurposka, Suzanne Asselin, Queen Anne Belanger, Court members Carolyn Mills, Paula Dubreuil, and Brazilian exchange student Katya de Castro.

Streamers, cards, flowers, and paper mache highlighted "The Land of Make-Believe," a land of pinks, blues, and purples. Headed by the class officers, all the willing juniors of last year helped to create a wonderland of beauty in the school gym for one brief night in May. A candy house, an enchanted bridge, a mysterious castle, Alice-in-Wonderland card men, and a flower-decked dome were reasons why the Junior Prom of 1967 has been called one of the most beautiful proms ever given at Southbridge High School. Hours of planning, ordering, and supervision were donated by the class advisors, class officers, and the theme and decorating committees. All those who attended the prom or who even had the opportunity to view the gym on prom night will never forget the beauty of "The Land of Make-Believe."

Above and right: Gymnast Otto Schmidt brought to Southbridge High School a new and different type of entertainment being both amusing and meaningful in nature.

Below: The University of Connecticut Chamber Singers, a select group of voices, in concert at one of our assemblies. They specialized in singing madrigals, chansons, and motets from the 15th and 16th centuries and performed them in round table style. The Cole-Corbin Chapter of the National Honor Society sponsored the program.

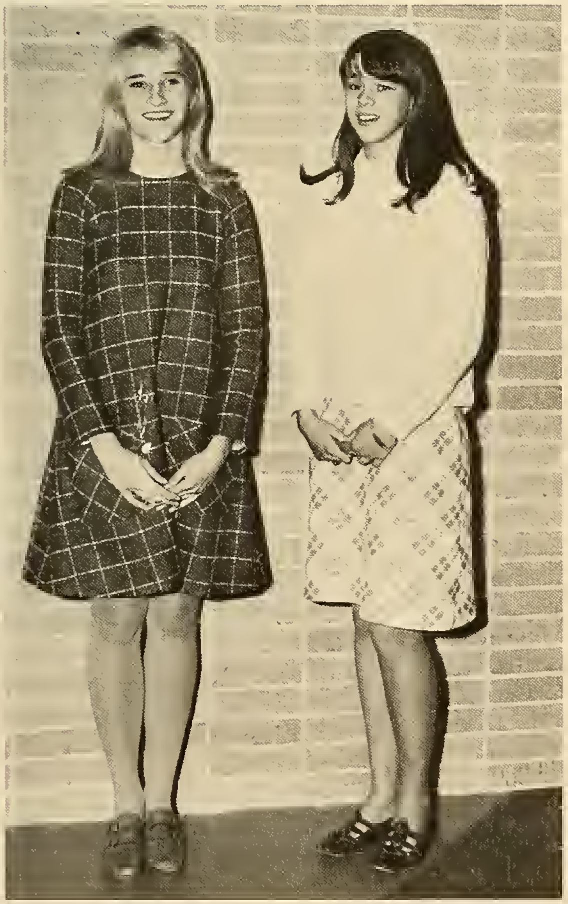
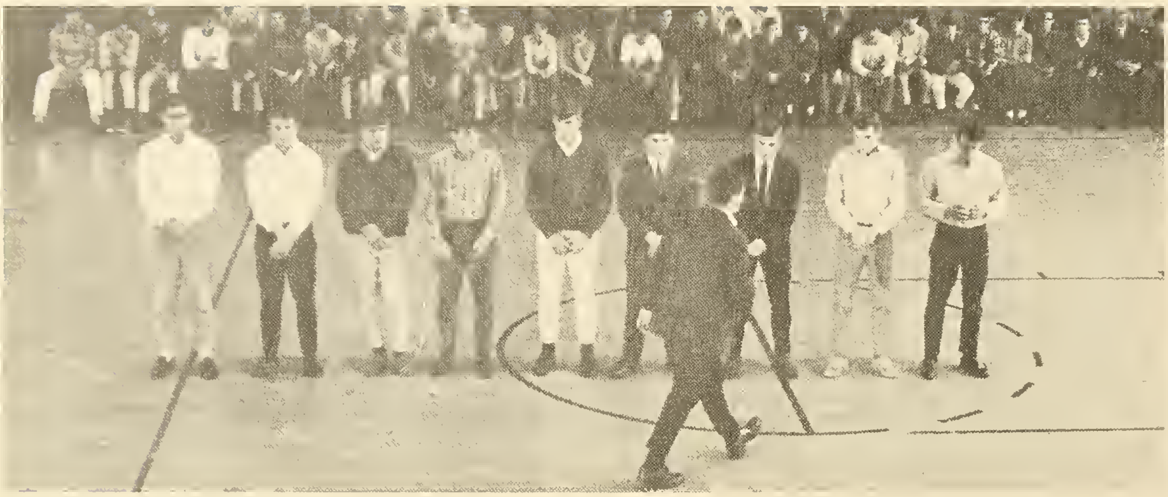
Below Right: Chosen by the faculty to represent our school as Daughters' of the American Revolution (D.A.R.) Representative was Senior Barbara Howard.



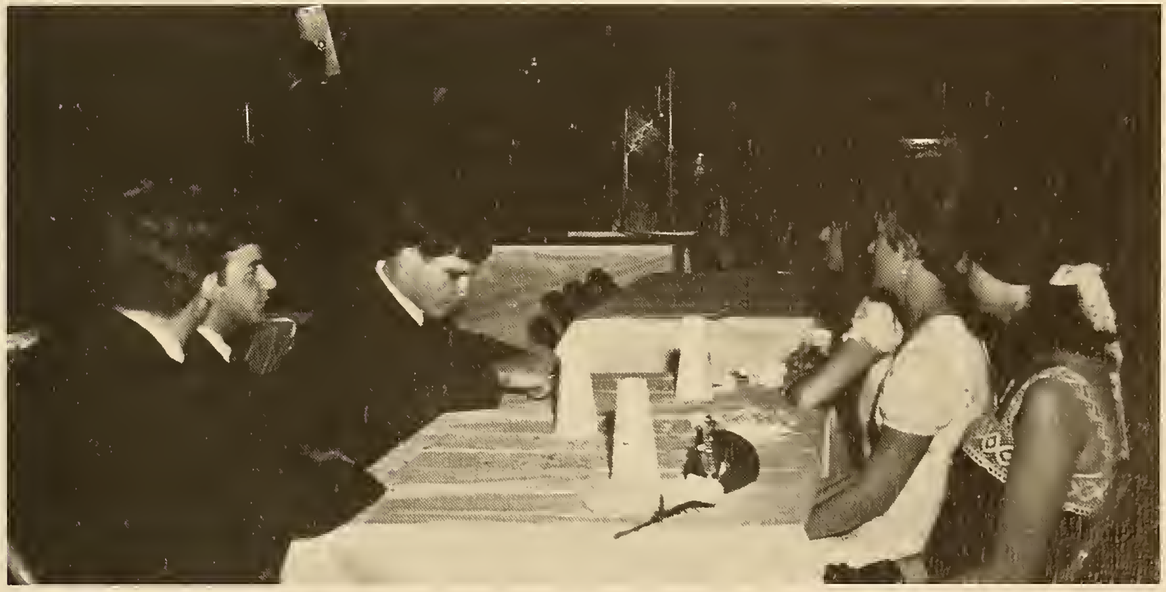
D.A.R.



The annual rally for the classic Thanksgiving Day game proved to be one of enthusiasm and excitement. Together the band, the majorettes, and the cheerleaders raised the spirits of the entire student body.

Although Southbridge High lost the traditional Bartlett game, the end of a fine football season was celebrated Thanksgiving evening in the school gym. The co-captains chosen for the 1968 team were Ronny Lesniewski and Mike Bousquet.

Rally And Victory Dance



Ten Little Indians, a three act exercise in murder-mystery written by Agatha Christie, was presented in January by the Senior Class and warmly received on the successive evenings it was performed. Early publicity invited people to attend a "murder", one they would not long forget.
The cast, performing in true thespian fashion, proved this to be true. Playing major roles in the mystery were Andrew Simpson, Celeste Seremet, Bonnie Magoon, Laurier Carpentier, John Burda, Andrew Tanacea, Stephen Kochoff, and David Chace. Key stage hands were Martin McDonough and Bryan Lusignan. Mr. Jeffrey Leeds directed.

Gym Show

Our Gym Show, directed by our physical education instructors, Mr. Donald Marino and Mrs. Helen Emrich, was held in the spring and proved to be an outstanding success. The long hours of toil in preparation for the annual display of physical agility and adroitness were well received by the large audience present. The lengthy applause at the conclusion of the program evinced their appreciation for a job well done.

One of the features of the choral programming during the year was our participation in an Exchange Concert. Above, the Hamilton-Wenham Regional High School Choir during their visit to Southbridge High School. Our choir reciprocated a few weeks later.

Our annual Christmas Concert, directed by Mr. Francis Convy, proved once again to be an enjoyable evening of holiday carolling. Each ensemble proved worthy of the festive season by arousing the enthusiasm of the large throng present. Below, the combined choirs in their finale for the evening, **Silent Night.**

Freshmen Reception

In September, the Senior Class once again hosted the Freshmen Reception. The large number of first-year students in attendance attests to the growing popularity of this annual event. The entertainment for the evening was provided by the Street Corner Society, and all enjoyed a thoroughly fine evening.

Vocational Events

Civic-minded projects are by now the rule rather than the exception for the Vocational Division of Southbridge High School. This again proved to be true this year when the Electrical Department's students volunteered their time and effort in installing the several hundred Christmas trees gracing our community during the holiday season.

Throughout the year, the National Honor Society emphasizes some of its qualities of **Character, Scholarship, Leadership,** and **Service.** Last spring, our chapter of the N.H.S. participated in a regional convention at which several leaders in the surrounding communities spoke. As part of its fulfillment of **Service,** the Society holds an annual Christmas party for the alumni of Southbridge High School.

This year, the Future Teachers participated in a newly inaugurated program at S.H.S. The cadet-teacher program was launched, and allowed the future teachers to take positions as teacher aides in junior high and elementary school classrooms. The project, jointly designed by Mr. Desroches and Mrs. Proulx, was created to help students ascertain whether or not teaching will be their lifetime vocation. This unique program proved to be an outstanding success.

The French Club, under the able advisorship of Miss Berthiaume, has as its chief goal the fostering of an appreciation of the French language. The members are those French scholars who desire to augment their classroom-acquired skills and knowledge through social and cultural endeavors sponsored by the organization. The Club sponsors several fund-raising activities during the year, including the Doughnut Sale by their now famous **Doughnut Dotties.**

The Pioneer hoopsters had to rely on Ronnie Lesniewski and Dan Weberg for most of their rebounding strength, both shown here in action.

The Pioneers' won and loss record this season was not impressive, but the superlative performances of several of the underclassmen added to the strong junior varsity showing, augurs well for the future.

Junior Gary Lee proved, time and time again, to be one of our finer playmakers during the season.

Plagued by injuries most of the season, Senior Dan Weberg (52 above) was a constant plugger and inspiration to the rest of the boys.

During the year, we lost a good friend and counselor when Dr. Kyrios passed away. His intense interest in people led him to participate in many community activities; his even greater interest in students, however, led him to coach them in athletics and eventually to become the Guidance Director at Southbridge High School. In this work, Dr. Kyrios had the rare and admirable faculty of involvement and he recognized each person as an individual. Because of this awareness, he could inspire the confidence and trust of students and better guide them according to their own needs.

Dr. Kyrios was more than a **MILESTONE** in our lives—he was, rather, the keystone upon which our futures will be built. He helped guide our lives in an attempt to make our future years more meaningful to us all. His guidance of so many students in so many different ways and the successes which have resulted will truly be a fitting memorial to his dedication to our needs.
